FieldWorks 9.0.6 Beta

Ann | **1 MARCH 2019**

> We are glad to announce that FieldWorks version 9.0.6 is being released. This version fixes a few critical issues with version 9.0.5.

> As of release 9.0.4, TE and Db4o are no longer included with FLEx.

How Things Work

A lot of demo movies have been created to demonstrate the functionality of FieldWorks. A list of the available movies will be displayed when you click here.

The following pages discuss FieldWorks.
Here is an overview.
It maintains consistency; keeping one copy of the data and enforcing rules.

Here is an overview of the Lexicon.
