

Adding BdT Menu to Logos 10

It is possible to add the old-style Folio Views library menu to Logos 10. This is helpful for those transitioning from Folio Views. It can also be helpful to anyone who just wants quick access to the Bureau du Traducteur, (BdT) collection of French resources.

The screenshot shows the Logos Bible Software interface. On the left is a navigation sidebar with various menu items. The 'BdT Menu' item is highlighted with a red box, and a red arrow points from it to the main content area. In the main content area, the 'Bureau du Traducteur Translator's Workplace' logo is also highlighted with a red box. Below the logo is a list of resources in French.

The screenshot shows a web browser window with two tabs: 'NASB95' and 'The New International Version'. The address bar shows 'Exodus 22:30'. The page content displays the text of Exodus 22:30: 'your sheep.¹ Let them stay with their mothers for seven days, but give them to me on the eighth day.^m ³¹“You are to be my holy people.ⁿ So do not eat the meat of an animal torn by wild beasts;^o throw it to the dogs.

Laws of Justice and Mercy

23 “Do not spread false reports.^p Do not help a guilty person by being a malicious witness.^q

²“Do not follow the crowd in doing wrong.

In the left sidebar, under the 'Tools' section, the 'BdT Menu' icon is highlighted with a red rectangular box. The sidebar also includes options like Home, Library, Search, Bible, Factbook, Documents, Guides / Workflows, and Tools.

□ Now you can open the BdT menu anytime you want by clicking on the BdT menu icon in the shortcut section of the Logos toolbar
