Wonderful Plan of God Booklets

The "Wonderful Plan of God" Scripture selections were prepared initially for Luke Partnership projects, to provide an overview of Scripture for those who may not go on to a full scale translation project. The focus of these 5 booklets is on the unfolding of God's plan of salvation, from creation through to the prophecies of Revelation.

The original English version of the "Wonderful Plan of God" booklets in Microsoft Word and instructions for use can be downloaded from **here**[1].

The links to the Bible modules for use in Paratext are in the table below. A **How to video**[2] is available to help you prepare the Bible module.
