Export Options (Mostly Self Explanatory with one caveat)

Audacity Label File (Free Translation)

Audacity Label File (Transcription)

ELAN File

FLEx Interlinear Text

1. The Export Annotations for FieldWorks Interlinear dialog box appears.

2. Select the writing system of the transcriptions. It must match the vernacular writing system used in the FLEx Baseline tab.

3. Select the writing system of the free translations. It must match the analysis writing system used in the FLEx Free line.

4. Click Export. Click the desired folder. Click Save.
