

Chad special characters

Certain characters used in Chadian languages are not found on the keyboard. To type these, you need to type more than one key.

The table below shows the special characters in Chad and the combination of keys needed for each character.

| Chadian Characters | The tones              |
|--------------------|------------------------|
| Type               | Type                   |
| to have            |                        |
| to have            |                        |
| ; ' '              | ; n η ] à low tone     |
| ; b b              | ; o o [ á high tone    |
| ; c ç              | ; p œ = ā mid tone     |
| ; d d              | ; y y ^ â falling tone |
| ; e ε              |                        |

|ä rising tone
